CASA EDITHA FOUNDATION, INC., d.b.a. AVA LYN'S GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW

The Department of Children and Family Services (DCFS) Out-of-Home Care Management Division (OHCMD) conducted a review of Casa Editha Foundation, Inc., d.b.a. Ava Lyn's Group Home (the Group Home) in August 2013. The Group Home has one site located in the Fifth Supervisorial District and provides services to County of Los Angeles DCFS foster children and youth. According to the Group Home's program statement, its purpose is "to enable these children to increase their independent adaptive skills and decrease their maladaptive behaviors in order to gain skills necessary for successful adult adjustment."

The Group Home has one 6-bed site and is licensed to serve a capacity of six girls and boys, ages 7 through 21 (Non-Minor Dependents with medical conditions). At the time of review, the Group Home served three placed DCFS children and one child from San Bernardino County. The children at the Group Home ranged from mild to profoundly developmentally delay with communication limitations. The placed children's overall average length of placement was 46 months, and their average age was 14.

SUMMARY

During OHCMD's review, one child was interviewed and two children were observed. The interviewed child generally reported: feeling safe at the Group Home; having been provided with good care and appropriate services; being comfortable in her environment and treated with respect and dignity. OHCMD observed that the children appeared well cared for and comfortable in their environment.

The Group Home was in full compliance with 7 of 10 applicable areas of our Contract compliance review: Facility and Environment; Maintenance of Required Documentation and Service Delivery; Educational and Workforce Readiness; Health and Medical Needs; Personal Rights and Social/Emotional Well-Being; Personal Needs/Survival and Economic Well-Being; and Discharged Children.

"To Enrich Lives Through Effective and Caring Services"

Psychotropic Medication was not applicable. Although at the time of the review, one placed youth was prescribed psychotropic medication, he was a Non-Minor Dependent and did not require a Psychotropic Medication Authorization.

OHCMD noted deficiencies in the areas of Licensure/Contract Requirements, related to personal monetary allowance logs not always itemizing purchases made for the children and, Community Care Licensing (CCL) cited the Group Home for deficiencies related to Food Services and Buildings and Grounds; and Personnel Records, related to one staff not having had a timely health examination and tuberculosis test within the timeframe required under Title 22 Regulations, and another staff had not completed the required annual training hours.

Attached are the details of our review.

REVIEW OF REPORT

On August 29, 2013, the DCFS OHCMD Monitor, Donald Luther, held an Exit Conference with the Group Home representatives, Luis Araullo, Administrator and Stephen Goodman, Group Home Social Worker. The Group Home representatives: were in agreement with the review findings and recommendations; were receptive to implementing systemic changes to improve compliance with regulatory standards; and to address the noted deficiencies in a Corrective Action Plan (CAP).

A copy of this compliance report has been sent to the Auditor-Controller and CCL

The Group Home provided the attached approved CAP addressing the recommendations noted in this compliance report.

OHCMD conducted a visit to the Group Home on May 20, 2014 to provide technical assistance to assist the FFA with the implementation of their CAP. CAD will verify that these recommendations have been implemented during the next monitoring review.

CONTRACT COMPLIANCE MONITORING REVIEW
FISCAL YEAR 2013-2014**

SCOPE OF REVIEW

The following report is based on a "point in time" monitoring visit. This compliance report addresses findings noted during the August 2013 review. The purpose of this review was to assess Casa Editha Foundation, Inc., d.b.a. Ava Lyn's Group Home's (the Group Home) compliance with its County contract and State regulations and included a review of the Group Home's program statement, as well as internal administrative policies and procedures. The monitoring review covered the following 10 areas:

- Licensure/Contract Requirements,
- Facility and Environment,
- Maintenance of Required Documentation and Service Delivery,
- Educational and Workforce Readiness,
- Health and Medical Needs,
- Psychotropic Medication,
- Personal Rights and Social Emotional Well-Being,
- Personal Needs/Survival and Economic Well-Being,
- Discharged Children, and
- Personnel Records.

For the purpose of this review, three Department of Children and Family Services (DCFS) placed children were selected for the sample. Out-of-Home Care Management Division (OHCMD) interviewed one child and observed two non-verbal children, and reviewed their case files to assess the care and services they received. Additionally, three discharged children's files were reviewed to assess the Group Home's compliance with permanency efforts. At the time of the review, one placed youth was prescribed psychotropic medication; however, he was a Non-Minor Dependent and did not require a Psychotropic Medication Authorization. Therefore, Psychotropic Medication was not applicable.

OHCMD reviewed three staff files for compliance with Title 22 Regulations and County contract requirements, and conducted a site visit to assess the provision of quality of care and supervision.

CONTRACTUAL COMPLIANCE

OHCMD found the following two areas out of compliance.

Licensure/Contract Requirements

- Personal monetary allowance logs were not comprehensive. Although the amount of each purchase was documented, the allowance logs did not always list the items purchased, and receipts for the purchases were not available. During the Exit Conference, the Group Home Administrator reported that he now itemizes each purchase on the allowance logs.

- Community Care Licensing (CCL) cited the Group Home as a result of deficiencies and findings noted during an annual visit on October 16, 2012. The Group Home was cited for a Food Service violation, as there was an insufficient supply of non-perishable foods. The Group Home was also cited for a Building and Grounds violation, as the Group Home's backyard had broken glass, older parked cars, and debris that presented a hazard to the children. A Plan of Correction was submitted to CCL on November 7, 2012. The Group Home purchased a sufficient amount of non-perishable foods. In addition, the backyard was cleared of all debris, and a fence was erected to prevent children's access to the parked cars. CCL cleared the citations on April 9, 2013.

During the Exit Conference, the Group Home Administrator stated that the Group Home will ensure that the Group Home will always have a sufficient amount of perishable and non-perishable foods and will remain free from potential safety hazards. Any needed repairs will be completed immediately.

Recommendations

The Group Home's management shall ensure that:

1. The Group Home maintains comprehensive monetary allowance logs and receipts.
2. The Group Home is in compliance with Title 22 Regulations and County contract requirements.

Personnel Records

- One Group Home staff's personnel file did not include documentation of the employee having completed a health screening or tuberculosis (TB) clearance within the timeframe required in the Title 22 Regulations. The staff was hired on March 10, 2010; documentation in his personnel file included a health screening and a TB clearance that had been completed on March 17, 2006, and did not meet the Title 22 Regulations requirement of completion within one year prior to or within seven days after the employee's date of hire. The staff successfully completed an updated health screening and TB test on September 14, 2013. The Group Home submitted the results to OHCMD and placed a copy in the staff's personnel file.
- One staff member's personnel file did not have documentation of completing the required 20 hours of annual training. The Group Home Administrator submitted documentation to OHCMD that the staff has completed 5 hours of the required 20 annual hours (2.5 hours on August 29, 2013 and 2.5 hours on September 23, 2013) and will continue to participate in trainings to satisfy the requirement by the staff's anniversary date of November 5, 2013.

During the Exit Conference, the Group Home Administrator stated that the Group Home has developed a check list to ensure staff complete all required training and documentation of required training hours is maintained. This information will be maintained by the Group Home Administrator and will be reviewed monthly to ensure staff completes the required amount of required annual training hours.

Recommendations

The Group Home's management shall ensure that:

3. All staff, upon hire, has a timely health screening and TB clearances in compliance with the timeframes of Title 22 Regulations, and copies are maintained in the employee's personnel file.
4. All staff completes the required annual training.

PRIOR YEAR FOLLOW-UP FROM DCFS OHCMD's GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW

The OHCMD's last compliance report dated December 15, 2012, identified five recommendations.

Results

Based on our follow-up, the Group Home fully implemented 4 of 5 recommendations for which they were to ensure that:

- Efforts are made and documented to provide mentors for children who do not have important relationships in their lives,
- All children receive timely dental examinations within the first 30 days of placement or within one year of the last annual examination,
- All children's follow-up examinations are completed in a timely manner, and
- Full implementation of the outstanding recommendations from the OHCMD's 2011-2012 and 2012-2013 monitoring reports regarding obtaining mentors for children who do not have important relationships and children receive timely initial dental examinations.

The Group Home did not implement one recommendation for which they were to ensure that:

- Full implementation of the outstanding recommendation from the OHCMD's 2012-2013 monitoring report regarding ensuring all new staff members receiving timely initial health screenings/TB clearances.

Recommendation

The Group Home's management shall ensure that:

5. The outstanding recommendations from the 2012-2013 monitoring report dated December 15, 2012, which is noted in this report as Recommendation 3, is fully implemented.

At the Exit Conference, the Group Home Administrator expressed his desire to remain in compliance with all Title 22 Regulations and Contract requirements, including timeframes for newly hired employees to have a timely health screening and TB clearance. The sampled staff were hired prior to the previous 2012-2013 monitoring report. The Group Home Administrator will review

all documentation to ensure that previously completed health screenings and TB clearances are updated if necessary, and that any new hired staff will be in compliance with Title 22 Regulations.

OHCMD conducted a visit to the Group Home on May 20, 2014 to provide technical assistance to assist the FFA with the implementation of their CAP. CAD will verify that these recommendations have been implemented during the next monitoring review.

MOST RECENT FISCAL REVIEW CONDUCTED BY THE AUDITOR-CONTROLLER (A-C)
